

Instructions for MI Beer Adventure Google Doc Log

Is this log for me?!?

*This is not the required log for the MI Beer Adventure, just an option

*You need to have access to a Google account to use this form

*These instructions are based off our computer view, not mobile view.

*It does not happily download into Excel

*You should be somewhat familiar with Google sheets as we are a wacky events company not techies. There are some helpful hints on page 2.

If this log option is not for you simply choose one of the other options! Happy logging!

STEP 1:

Open the link, and immediately go to FILE and select MAKE A COPY so that it is on your drive. Reread the previous sentence 40 times and then click [HERE!](#) Please note there are formulas in cells and they are not locked when you copy **ONLY TYPE IN INSTRUCTED COLUMN.**
