## Step #3

### FOUNDERS BREWING CO.

#### Beer Facts

#### What they say:

Delightfully tart and slightly sweet, this ale is our refreshing take on an easy-drinking fruit beer.

Watermelon is the highlight of this lightly-hopped treat and gives it a hint of satisfying juiciness to balance the tang and bite we love in a gose style. The soft mouthfeel and dry finish come courtesy of the addition of sea salt. Pairs well with warm days and never-ending sunshine.
